BIA - HAWAII
BUILDING INDUSTRY ASSOCIATION

This home is submitting the LEED Certification requirements anticipating a Silver rating and has already been opened to school children, college students, professionals and the community to encourage discussion on green standards. It achieves a luxurious and thoughtful design package, offering the Hawaii market a new twist on the contemporary aesthetic. Features include 5 bedrooms, 4.5 baths plus an exterior access ½ pool bath, entertainment room with a wet bar and energy star plasma TV and a theater with walk-in temperature-controlled storage room for optional wine storage or humidor. Natural daylight shines from the skylights and textured glass details throughout this efficient, yet beautiful island home.
